

Anaokullu.Net

A collection of colorful paper chicks and birds, primarily in shades of yellow and orange, are arranged on a pink surface. Each bird is constructed from recycled materials, including plastic cups and cardboard. The bodies are formed by cutting the sides of plastic cups, and the wings and tails are made from yellow and orange paper strips. Some birds have small black dots for eyes. A white paper tag with the name "Arca" is attached to one of the birds. In the background, there is a green paper bag and a cardboard box. The text "Anaokullu.Net" is overlaid in the center of the image.
